The New York World thus spits its fire ts British neighbors: THE BLOCKADE AND THE BRITISH PROV-INCES -The ship Alliance, which has just succenefully run the blockade at Beaufort, South Caroline, with arms, ammunities, percussion cape, etc., cleared at St. Johns for Cuba; but, as we learn from a merchant just from St. Johns, her real destination was generally un-derstood in that city for mays before she sailed. Her captain, a Charlestonian, made no secret of it, and the very character of her cargo, which generally consisted of contraband of war, put it beyond question. Our intelligent informant also states that when he left another vesuel of similar character was loading for a similar destination, and that in fact at Hali- below: fax, and other provincial ports, an extensive tusiness in this line is rapidly springing up. Of course our government would prefer not to exercise this right against the commerce of neighbors; but if our neighbors do not choose to carry out their own laws, there can be no afternative but for us to try the wirtne of the issue of nations. One thing is certain: the maintenance of our blockade is a vital necessity in our work of crushing this rebellion.
Maintain it we will. The neutral that shall embarress us in this business by not fulfilling its natural obligations toward us, must not complain if we exercise our own belligerent privilegen toward it with the strictest rigor which international law allows. When our rights are and our interests shall be thus deincrately set at naught, comity ceases, and all generous forbearance becomes pitiful weak-

With have just received a large supply of the abave celebrated Mineral Water, fresh from the Springs. It has gained a fine reputation with those who have visited the Springs or used the Water at home, and we take pleasure to recommending it he invalids as an alterative and anti-dyspectic Mineral Water, which is inequaled in its curative powers. It is also slightly purative in mair cases, and may therefore be used as a substitute for the "Garainea Water," and with the majority of cases. We would invite a trial of its virtues by those who suffer from indigention or other derangements of the digestive organs. It is put up in Transportation.
